FOCUS: Food wastage in the spotlight of 2013

2013 was a year of great achievements in the fight against food wastage. Not only there were several landmarks studies on food waste published but also food wastage prevention actions and awareness raising events bloomed. FUSIONS has made a selection of food wastage studies and events that marked the last year.

Thank you for your submissions!

40 ideas were submitted to our call for feasibility studies! Partners have evaluated them and will be reporting on the decisions in February.

Upcoming FUSIONS deliverables

Three FUSIONS publications will be released shortly on the project's website: "The FUSIONS definition of food wastage", "Report on review of food waste reporting methodology

FUSIONS events agenda in 2014

After an eventful first year of FUSIONS, the project team foresees key events in 2014. Feeding the 5000 will lead a number of FUSIONS awareness raising events, a Social Innovation Camp will be held in Bologna, and Regional and European Platform Meetings will take place among other activities FUSIONS is preparing for 2014.
